# AWARDS

#CICHFF2018 Denver, Colorado

# DENVER OPEN MEDIA

Tues, April 17 - Thurs., April 19, 2018

Thank you for your talent and your time. We are truly honored to be of service to you!

*At this year's film festival, we received 67 submissions and provided a number of awards for films, music videos, and scripts.*

*At the event, we enjoyed meeting filmmakers who traveled to visit with us at this historic moment in Denver's history.*

THANK YOU  
FOR SHARING YOUR  
FILMIC VISIONS WITH US!

Cannabis is simply the scientific name given to the Marijuana plant. Some states, such as Colorado, have legalized the plant for recreational use much like alcohol. While many states and territories have passed legislation making the distribution and use of Cannabis legal for patients diagnosed with cancers and other medical conditions, others still arrest and jail innocent people for using it. With the federal government agreeing that there are, in fact, many valuable uses for cannabis & hemp, one has to wonder when the use of the plant will become common across all fifty states.

We would love to feature your documentaries, dramatizations, docudramas, comedies, animations, screenplays, art/photographs and music videos. All perspectives on legitimate uses & ideas related to Cannabis, Hemp & remotely related topics are welcome.
