"Would you tell me, please, which way I ought to go from here?"

"That depends a good deal on where you want to get to," said the Cat.

"I don't much care where ..." said Alice.

"Then it doesn't matter which way you go," said the Cat.

A stop-motion character with a bald head and a mustache, wearing a dark sweater and blue pants, stands in a dark, starry space. To his right is a satellite with a large lens and various instruments. Above him is a large, textured rock. The background is a deep blue and black space with stars and nebulae.

"...But I don't want to go among mad people," Alice remarked.

"Oh, you can't help that,' said the Cat:
"we're all mad here.

I'm mad. You're mad."

"How do you know I'm mad?" said
Alice.

"You must be," said the Cat, "or you
wouldn't have come here."
